

Quality, Environmental and Health & Safety Policy Statement

ARC Building Solutions Ltd recognises all applicable statutory, regulatory and social responsibilities relating to the quality, environmental and health & safety and commits to:

- Comply with all applicable legislation, client driven requirements and other associated guidelines to which we subscribe, and ensure that we identify and manage key risks and opportunities.
- Continue to regularly review the actual and potential environmental aspects and impacts of all our activities, including any that may affect the local community.
- Continually improve our quality, environmental and health & safety performance levels by setting relevant, measurable improvement objectives that are reviewed at least annually during the integrated Management Review meeting.
- Also, develop performance indicators for all key areas to support continual improvement activities.
- Ensure the local environment is protected as far as reasonably practicable and the prevention of pollution is achieved.
- To have arrangements in place to respond to all foreseeable incidents and emergencies that prevent injury and ill health to employees, sub-contractors, visitors and members of the public who may be affected by the company's operations.
- Consult with and involve employees and other interested parties in our environmental, safety and quality improvement programmes, provide training to enable them to achieve their responsibilities, and encourage suppliers and distributors to participate in best practice.
- Make the policy available as and when required to all interested parties and employees.

This policy statement shall be regularly reviewed and as a minimum annually during our Management Review process.

A handwritten signature in blue ink, appearing to read 'N. Wee', with a stylized flourish at the end.
